

CHANGE IN PRODUCT

Plum no 14

We have changed the scent on Plum no 14. The scent in the new perfume is very similar to the current one but is a little sweeter. It also contains none of the known 26 allergens.

Changes concerns the following article numbers

Article: 1403 5 | Plum no 14

Article.: 1413 1,4 | Plum no 14

The changes will only affect the INCI list. Article numbers and other masterdata will remain unchanged.

New INCI

Aqua, Cocamide MEA, Lauryl Glucoside, Sodium Chloride, Disodium Cocoamphodiacetate, Malic Acid, Coco-Glucoside, Glycol Distearate, Glycerin, Parfum, Citric Acid, Potassium Hydroxide, CI 16255.

Plum no 14 with new perfume will be produced beginning of August 2021.
